STATEMENT IN COMPLIANCE WITH 37 C.F.R. § 1.98(a)(3)(i)

Sir:

The attached foreign language European Search Report and Examination Report are supplied due to their possible relevance as these items were issued in the original European Patent Application No. 03013322.7, for which the International Application claims priority. A copy of the International Search Report is also supplied and listed on the attached Information Disclosure Statement. Neither Applicant nor Applicant's representative has read the full English language text of these references and, therefore, cannot assess their relevance. The International Search Report is most likely comparable to the European Search Report.

Applicant does not necessarily agree with any conclusions in the Search Report and reserves the right to distinguish over these references by arguments and/or amendments should these references be applied in the present application.

The required fee of \$180.00 is paid herewith by credit card. However, if necessary, the Commissioner is hereby authorized to charge any additional fees, or underpayments, or to credit any overpayments, to Deposit Account No. 50-1001.

Respectfully submitted,
